DONATE NEEDED PRODUCTS

Quality medical products and surgical equipment can be very costly. We ask that medical supplies be donated in their original packaging to maintain cleanliness. Gently used operative equipment is acceptable. Please consider our organization if your hospital or unit no longer has a need for some of the older models we utilize in Africa.

If you are making a large shipment or have questions about donations please contact us by email prior to the shipment by email at, africaburnrelief@gmail.com

**Supply and equipment donations
can be directly shipped to:
Africa Burn Relief, c/o: Justin Wall
1450 Main Street, Shoemakersville, PA 19555**
